Fuchsias...

We maintain growing plants of all our Fuchsias for display purposes and our garden is a riot of color all during the summer and fall. The public is cordially invited to enjoy this display and here you may see the Fuchsias grown in the various forms; trailing in hanging pots, trained to tree form, and also espaliered. Each year we hold a Fuchsia Show at the Nursery open to the public when Fuchsias are at the height of bloom. This generally occurs in early September and at this time a preview is given of new varieties to appear the following spring. Keep this period in mind as we have thousands of people who eagerly look forward to this occasion.

CULTURE—Fuchsias love the shade and moisture and for this reason are well adapted for the shady side of buildings where they give a wealth of bloom. They respond to a rich soil and applications of well rotted manure is advocated with additional feedings of more concentrated plant food. They will not stand an outside temperature below 20 degrees Fahrenheit.

PRICE—Price of all plants except where noted otherwise is as follows:

From 4-inch pots, 50c each.

Many varieties in larger sizes from \$1.00 up.

Trailing varieties in 10-inch hanging pots, \$3.00 up.

New Introductions in hanging pots at \$4.00 up.

SUBSTITUTIONS—When ordering by mail it would be wise to list a few substitute varieties in case certain ones ordered are out of stock. Otherwise we will use our discretion in making substitutions.

SALES TAX—All orders in California carry a 3% Sales Tax and should be added to remittance sent. Orders shipped outside of California are not subject to this tax.

SHIPPING—We prepay all cash orders over \$4.00 in California. Outside of California, shipping charges are to be paid by purchaser. Such orders will be sent charges collect if payment does not cover. For instance, four plants from four-inch pots will weigh five pounds packed for shipment and for each plant over four add one-half pound and rates from the different zones may be computed.

SAMPLE SHIPMENT—A Special Offer of 12 plants, all named and different, for \$5.00. Postpaid west of the Rockies. Add \$1.00 for shipment east of Rockies.

50 Plants, all named and different, for \$15.00. East of the Rockies add \$3.50. Postpaid.

SPECIAL NOTE—See Page 23 for Azalea listing.

1953

Fuchsia Introductions

BLUETT—An older variety carried for the first time with us. Trailer with tiny double lavender blue corolla and rose red sepals. A very pretty little trailer. 75c each.

CATHY MILLER (Miller)—Sport of Bolero with more willowy growth and more abundant bloom. Corolla soft orchid and tube short, broad upturned sepals are bright red. Medium grower. Can be used as hanger. \$1.00 each.

CAVALIER (Schnabel)—A true trailer with large long bell-like single flowers of royal purple with the base of petal changing to rosy purple. The very long twisted sepals are pale pink. Heat tolerant. \$1.00 each.

CITATION (Hodges)—A prize winning Fuchsia with single corolla of four broad white petals, lightly veined pink at base which open to wide saucer form. Tube and medium sized upturned sepals light to rose pink. Bushy, upright grower. \$1.00 each.

CORONATION (Tiret)—Patent applied for. Double white spreading corolla, a most distinctive shade of rosy-raspberry. Short tube and long, narrow sepals waxy white, sepals flushed soft pink on underside. Tall, upright willowy grower. \$1.00 each.

CROWN JEWELS (Schmidt)—Large double widespread ruffled corolla of an attractive glowing rose, with pale green center when fully open; greenish tube and long broad, white sepals with faint blush. Tall, willowy grower. \$1.00 each.

DAINTY DAMOSEL (Schnabel)—A semi-double flaring flower whose rolled petals are deep violet blue fading to soft orchid banked by short star-like clear white sepals and short pink tube. Bushy upright grower with arching branches. Heat tolerant. \$1.00 each.

FLUORESCENT—First offering by us but a 1952 introduction. Semi-double soft lilac orchid corolla with short tube and long broad sepals of white faintly marked pink at edges. Willowy growth that may be used in baskets. \$1.00 each.

FRENCHI (Waltz)—Tube flushed white with wide upturned recurved salmon-pink sepals. Large double corolla is silvery blue and pale rose-mauve with pink splashes. Medium bushy grower. \$1.00 each.

GYPSY PRINCE (Ervin)—A sport of Gypsy Queen with the same large flowers but has corolla of deep violet purple with small outer petals marbled flesh pink at base. A fine variety for every garden. \$1.00 each.

NEW FUCHSIA INTRODUCTIONS—Continued

JUBILEE (Reiter Jr.)—A large double magenta red with petals edged with deep rose fading to lighter shade toward the center of the flower. Long spreading sepals of white flushed pale rose. Strong bushy grower. \$1.00 each.

LADY ANN (Tiret)—Double spreading corolla formed of many curled petals, opening purplish-blue, with most of the outside petals marbled phlox pink. Short tube and broad spreading sepals are white, sepals faintly blushed on underside, tipped green. Strong, bushy, upright grower. \$1.00 each.

LULLABY (Reiter Jr.)—Large double corolla of warm rose with nearly white recurved sepals. A large flowered pastel trailer which is quite heat resistant for fuchsias in this color range. \$1.00 each.

MEL NEWFIELD (Schnabel)—Very large spreading deep purple double corolla marbled with carmine, backed by long reflexed turkey red sepals and a slim short red tube. Medium grower best suited for the warm garden. Requires heat for best development. \$1.00 each.

MOONLIGHT (Waltz) — Semi-double medium sized flower with corolla of palest fleshy pink deepening as flower matures. The short tube and long frosted sepals are greenish white tipped with pale green. Excellent for pot plant or basket. \$1.00 each.

PETITE (Waltz) — A small double pastel with bright lilac blue corolla and soft rose tube and sepals. Vigorous bushy grower ideal for potting. \$1.00 each.

POLAR SEA (Reiter Jr.)—Very large corolla of deep purple marbled with white at base with white sepals and tube. A vigorous upright grower. \$1.00 each.

SPRING SHOWER (Tiret) — Semi-double long-petaled white corolla. Short tube and upturned sepals, flesh, underside of sepals soft phlox pink. Tall upright, branching grower. Early blooming with superabundance of medium large flowers. \$1.00 each.

TELEVISION—Another first offering but not a new introduction to the trade. Double deep orchid corolla splashed fuchsia pink at the base, sepals and tube white outside and pale pink underneath. Dense growth; makes a good spot plant. 75c each.

THE ARISTOCRAT (Waltz)—Large double creamy white corolla with flaring serrated petals slightly veined rose at base. White tube and spreading upturned pale pink sepals tipped with white. Strong upright grower. \$1.00 each.

NEW FUCHSIA INTRODUCTIONS—Continued

VAGABOND (Schnabel)—A double trailer with huge flowers of brilliant deep magenta flushed carmine and short tube and broad upturned sepals of brilliant carmine. Good for warm climates. \$1.00 each.

VOODOO (Tiret)—Large double corolla of the deepest purple violet with short tube and long, broad upturned sepals dark red. Strong upright grower. \$1.00 each.

YANKEE DOODLE (Hodges) — Patent applied for. The most popular in our 1952 Fuchsia Show, probably because it was unusually different. Short tube and upturned sepals are deep red, single flat corolla white, with irregular elongated blotches and stripes of blue-purple. Medium tall grower. Flowers on this plant noted for their variance from pure white to many combinations of white and purple—even different markings on inside and outside of each petal. A truly new and different fuchsia. \$1.00 each.

Trailing Fuchsias

For window box culture, hanging pots and baskets.

ABUNDANCE — Rose sepals, double pale Bishop corolla.

AMERICA (Niederholzer) — Single orange red corolla with long sharp pointed sepals, deep rose pink on outside, bright rose red on inside. Greenish white tips. Long thin tube, flesh tinted rose pink. Good grower and with a little training will make a fine hanging Fuchsia.

ANNA (Reiter)—Sepals, tube and base of petals strong carmine, very large double corolla of magenta. Vigorous growth and the largest flower of self color group.

Bouffant (See Page 6)

TRAILING FUCHSIAS—Continued

AUTUMNALE (Meteor) — Highly colored foliage of bronze and orange flowers, scarlet sepals and purple corolla.

BACHELOR GIRL (Schmidt-Tiret) — Trailing double pale mallow with green tipped white sepals flushed palest pink inside. A sport of Bewitched. 75c each.

BLOOMER GIRL (Muriel Waltz) — Double bell shaped flowers in a natural trailer. Pleated petals of palest pink veined carmine. Short tube and sepals of bright carmine. Extra good hanger. 75c each.

BLOSSOM TIME (Tiret) — Large single best displayed as trailer with soft pink petals with white tube and beautiful long curved upturned sepals. 75c each.

BLUE PENDANT (Brown) — Trailer in double pale blue corolla with reflexed pale rose tipped white sepals. Very fine. 75c each.

BOUFFANT (Tiret) — Long single white corolla veined pink at base, short tube and long broad sepals deep red. May be grown as trailer.

CARIOCA (Schmidt) — Single spreading corolla with notched petal edge, large flowers of almost self rose color. Best as hanger.

CASCADE (Dr. Legan) — One of the finest trailers produced, good grower and fine foliage. Masses of large single blooms, long pointed sepals white flushed carmine and deep carmine corolla, spread of sepals usually about six inches.

CHRYSANTHEA — Basket type, very large double, sepals red and corolla purple.

CLARET CUP (Dr. Legan) — A large single with a corolla of Rose Bengal edged deep magenta. The large recurved sepals are pale carmine.

COLUMBIA (Niederholzer) — TRAILER. Sport of AMERICA, identical in growth and flower except the long tube white and sepals outside slightly flushed pink.

ELSA — Rosy purple corolla and tube and sepals wax white flushed rose pink.

FALLING STARS (Reiter Sr.) — Trailing. A glorified MORNING MIST. Tube and broad sepals of a pale carmine scarlet. Large corolla of deep brick orange red.

GALLI-CURCI — Large single flower; tube as long as corolla, sepals flaring and reflexed. Large oval bud of shell pink. Tube and sepals waxy shell pink, stained rose pink on reverse side. Petals pink suffused with violet pink.

JACK SHAHAN (Tiret) — Trailing single variety with long tube and sepals. The tube and pagoda shaped sepals are of the palest Rose Bengal and the petals of the same margined a deeper shade.

MARINKA (Red Cup) — Almost a self color with rosy scarlet corolla and crimson scarlet sepals. Semi-trailing but making a fine display when staked up to show the blooms.

MRS. RUNDLE — Very long tube and very long pointed sepals of flesh color, with vivid orange corolla. A real beauty.

MRS. LAWRENCE LYONS (Introduced by Reiter, Jr.) — Double flowered trailer with rose magenta flowers which intensifies as the flower ages.

TRAILING FUCHSIAS—Continued

MISS CALIFORNIA (Hodges) — Single to semi-double white with faintest pink glow inside corolla. Short tube and long broad pointed upturned sepals of medium pink shaded deeper pink. Very fine in a hanging basket.

NIOBE (Reiter, Jr.)—A good typical trailer of CASCADE type. Large semi-double corolla of the most intense Tyrian rose and the long spreading sepals of very pale rose, almost white.

PINK ELEGANCE (Niederholzer)—Tube and long upturned sepals of salmon pink on inside, flushed pink on outside. Bell shaped corolla of bright phlox pink. Very showy basket variety. \$1.00 each.

PROCUMBENS—New Zealand. A trailing variety with tiny leaves and short orange tube with reflexed purple sepals, no corolla. Blue stamens. Fine for the rock garden in the shade. Red fruit.

RED SPIDER (Reiter Sr.)—Spidery flowers have a long tube and exceedingly long narrow sepals of deepest crimson and long pointing petals of deep rose madder veined and margined deep crimson. A very good trailer.

ROULETTE (Reiter Jr.) — A semi-trailing with brilliant double flowers of intense rose madder petals marbled pale rose at the base. Sepals are pale rose fading to white at base.

SAN FRANCISCO (Reiter Sr.) — Trailing type. A rather thick translucent tube and the sepals are a pale carmine rose in the inside and carmine rose on the outside. Large single corolla of pure deep orange red.

SHARON (Tiret)—Semi-trailer with large double corolla of Rose Bengal splashed with geranium lake. Reflexed sepals of palest scarlet.

SNOW FLURRY (Schnabel) — A trailing semi-double near white of medium size with rosy flush at base of tube and petals. Arching to pendulous growth. 75c each.

STREAMLINER (Tiret) — Patent applied for. Long semi-double corolla of deep crimson and extra long twisted and curved crimson sepals. Very showy as a trailer. \$1.00 each.

SWINGTIME (Tiret)—Double milky white corolla with slight pink veining at base. Tube and short upturned sepals shiny red. Good branching habit which should make a good basket type. 75c each.

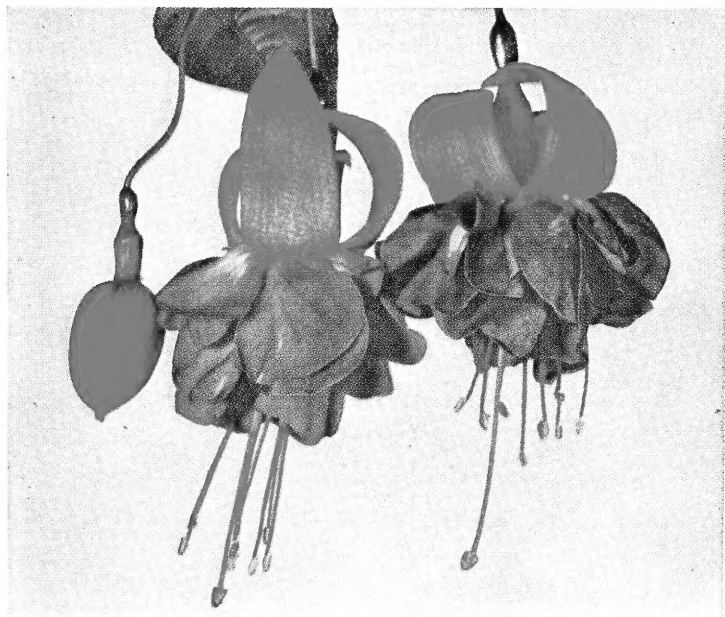

TRAIL BLAZER (Reiter, Jr.) — Double trailer of the Anna type—deep magenta corolla and sepals of slightly paler shade. Extra good hanging basket type. 75c each.

VALENTINE (Reiter)—Large semi-double with white tube and sepals slightly flushed rose. Spreading corolla of deepest Imperial purple fading lighter at base. Extra good. See page 21.

UTOPIA—Willow grower, very large single, sepals extra wide spreading, corolla white suffused pink, veined red serrated.

WILLIAM BRAAS (Tiret) — Double rose madder corolla and upturned white sepals flushed pale pink. Good trailer and may be called a very fine double cascade.

Single Flowered Fuchsias

Uncle Jules (See Page 22)

ANTIGONE — Large loose growing plant with gorgeous single flowers of waxy white sepals and deep orange pink corolla. Individual in form and color of flowers.

APRIL — Dwarf, compact habit with bright red sepals, single violet corolla.

AURORA SUPERBA — Sepals and tube of light orange apricot, corolla of deep orange peach. One of the very fine importations of a few years ago.

BEAUTY OF SWANLEY (Villa Hebe) — Very soft rose corolla and long pointed white sepals very lightly tinted pink. A fine variety.

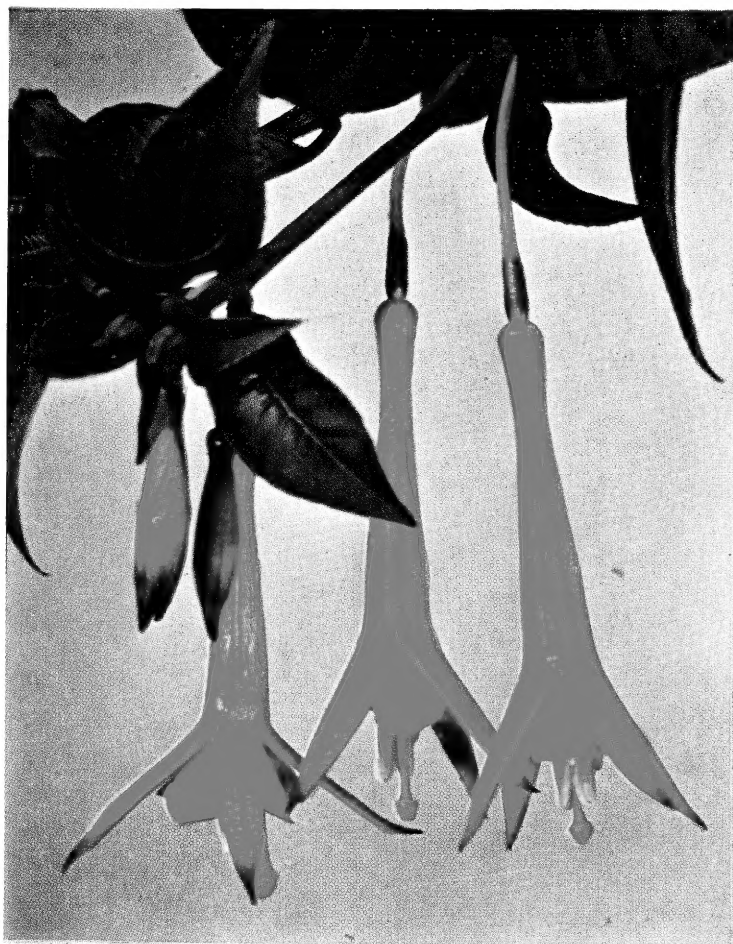

BLUE BONNET (Hodges) — Single flaring corolla of light blue deepening to purple blue with long broad upturned sepals to bright red.

Fanfare (See Page 10)

BLUE MOON (Niederholzer) — Large single deep blue purple corolla and red sepals.

BOLIVIANA (Braziliensis) — Bolivia. Standing more sun and heat, tall growing, free blooming over the summer, with clusters of long thin flowers of scarlet red.

CARDINAL — Giant single scarlet red flowers in profusion on very tall vigorous grower.

SINGLE FLOWERED FUCHSIAS—Continued

CHANG (Oriental) (Hazard & Hazard)—Single, floriferous. Coloring and form suggest the Orient. Tube and back of sepals tinted with same color. Inside of sepals is almost white. Petals are delft rose; sometimes scarlet, frequently a blending of scarlet and pomegranate purple.

CHAS. ABRAHAM—Upright single medium size flower, sepals red and corolla purple.

CHERIE (Hodges)—Single corolla with blue-purple petals, near white at base, veined and roll in at edges. Long broad rose-red upturned sepals. Medium upright grower. \$1.00 each.

CLAIRE DE LUNE (Moonlight)—Broad leaves similar to MONTEREY. Long narrow blooms of salmon-orange, corolla flaring out at the end of tube.

Erecta Novelty (See Page 10)

ATLAS FISH EMULSION

Tests by the Nursery and others have proven

ATLAS FISH EMULSION as the most effective fertilizer for Fuchsias.

Simply dilute in water as per directions on containers and water plants during spring and summer every month to six weeks intervals.

Pints 85c Quarts \$1.50
Gallons \$4.50

*Aunt Juliana
(See Page 16)*

SINGLE FLOWERED FUCHSIAS—Continued

CORYMBIFLORA ALBA—Peru. Tall growing like preceding with long thin white tube and sepals and short deep red corolla.

COUNTESS OF ABERDEEN (Schneewitchen)—A gem in the Fuchsias with small pale pink, sometimes white corolla, with white tube and sepals.

COUNTRY COUSIN (Hodges)—Another one of the Hodges large open flowered singles of rich violet purple petals near white at base and heavily veined flesh color. Deep red tube and upturned sepals. Medium upright grower.

ERECTA NOVELTY—Single white and light pink, corolla margined with rose. Flowers erect.

FANFARE (Reiter Sr.)—Very large trumpet shaped flower with an amazing rich coloring. Exceptional vigor and fine foliage. The long narrow tube and sharply pointed sepals of a varnished turkey red. The large flaring corolla is of pure scarlet.

FULGENS—Mexico. Large hairy light green leaves with orange vermilion corolla, orange-pink tube with green tipped sepals.

GAY SENORITA—Single bell shaped corolla deep lilac flushed rose with distinct light border edging the petals. Sepals long and spreading, deep rose red. Good grower and free flowering.

HARLEQUIN (Hazard & Hazard)—Unusual with rose red sepals, long slender curled and twisted (pinwheel-like) with corolla of madder violet much striped with rose red, base of petals rose red.

HARMONY (Niederholzer) — Light geranium lake sepals and single rose Bengal corolla.

HEAVENLY BLUE—Upright large single pale pink long narrow sepals rolled up, corolla pale blue.

HENRI POINCARÉ—Long violet blue corolla and pointed red sepals. Very fine.

HERON—Very large corolla of blue purple flushed carmine at base, broad scarlet sepals with deep crimson on reverse. Very fine medium grower.

ISIS—Mexico. Medium height, with small glossy blue-green foliage and a mass of tiny bright crimson flowers.

JUNE CAROLYN (Evans & Reeves)—Long single flowers with corolla of coral blended with carmine and orange pink sepals. Tall grower with fine foliage.

LA BIANCA (Tiret)—Patent applied for Single white corolla and short tube and long upturned sepals white tipped green. Medium grower. \$1.00 each.

LITTLE BEAUTY—Dwarf compact bush, very free flowering with lavender blue corolla changing to rosy lavender, deep pink sepals.

Melody (See Page 11)

SINGLE FLOWERED FUCHSIAS—Continued

LUCIENNE BREVAL—Single long slightly twisted corolla of white delicately shaded rose. Long pointed softly tinted sepals. 50c each.

MME. AUBIN—Vigorous grower with deep orange pink corolla and soft salmon sepals.

MAGELLANICA GRACILIS — Peru and Chile. Strong growing, almost climbing in habit. Small narrow leaves and small thin flowers with narrow red sepals and short purple corolla.

MAGELLANICA GRACILIS VARIEGATA —Flowers same as Gracilis above with silvery white variegated foliage.

MAXINE ELIZABETH (Tiret)—Single bell shaped corolla nearly white at base, deeping to rose-red toward orange-flushed petal edges. Long, upright sepals flushed pink on outside, salmon pink on inside. Strong upright grower with large flowers.

MAZDA—Large single of crisp, deep carmine, spreading corolla and gracefully recurved sepals. A prize winner.

MELODY (Reiter Sr.)—Beautiful single flowered Fuchsia of soft pastel shade. Large flowers with the corolla of pale Cyclamen purple and recurved sepals of pale Neyron rose.

MINUET—Very floriferous in brilliant red sepals and purple single wide open corolla. Upright growth.

MISS CALIFORNIA (Hodges)—Single to semi-double white with faintest pink glow inside corolla. Short tube and long broad pointed upturned sepals of medium pink shaded deeper pink.

Cascade (See Page 6)

MRS. J. D. FREDERICKS (Evans & Reeves) —Fast growing plant with masses of dainty salmon pink blossoms. Should be allowed to grow into a large spreading specimen.

MRS. W. P. WOOD (W. P. Wood)—Imported from England by Reiter Jr. Small flowered pale rose nearly white. Single flower with great vigor in growth.

MRS. RUNDLE—Very long tube and very long pointed sepals of flesh color, with vivid orange corolla. A real beauty.

MU LAN (Hazard & Hazard)—A healthy strong growing Fuchsia, naturally producing a tall well formed bush. Good foliage and very floriferous. Single corolla of creamy white veined light rose red with four large petals with edges picoteed. The long sepals light rose red inside, waxy dark rose outside. Much recurved.

SINGLE FLOWERED FUCHSIAS—Continued

MURIEL EVANS (Evans Gardens) — Medium sized single flowers, sepals and petals of rich scarlet.

OREGON TRAIL (Hodges) — Single hoop skirt corolla of light amparo purple veined rose red; tube and sepals are crimson. Medium spreading grower.

OTHERFELLOW (Hazard) — Small single flower with very soft rose shading to white at base. Waxy white tube and sepals.

PAMELA—Single open carmine rose corolla, soft pink sepals tinted carmine.

PASTEL (Reiter Sr.)—Short tube and broad sepals of pale Neyron rose. Single corolla of old rose shaded lilac.

PEBBLE BEACH—Large single dark purple corolla, with tube and upturned sepals of pale rose madder. May be used as trailer.

PERIWINKLE (Hodges)—Long single corolla of lavender blue, long recurved pink sepals. Can be used as a trailer. 75c each.

PLEROMET (Niederholzer)—Tall upright growth with sepals of Turkey red rolling up and single corolla of very dark violet. 50c each.

PRIMA DONNA — A perfect form flower with single very large white corolla and very pale pink sepals. A beautiful Fuchsia.

Mrs. J. D. Fredericks (See page 11)

SINGLE FLOWERED FUCHSIAS—Continued

PURPLE SAGE (Hodges)—Single saucer shaped deep purple corolla opening perfectly flat with recurved deep red sepals. Medium grower and may be used as trailer. 75c each.

RED SAILS—Double soft pink; long and broad sepals deep red. Sepals twist and curl in peculiar fashion, exposing the large corolla. Strong, willowy grower.

RED SPIDER (Reiter Sr.)—Spidery flowers have a long tube and exceedingly long narrow sepals of deepest crimson and long pointing petals of deep rose madder veined and margined deep crimson. A very good trailer.

REFLEXUS—Small bushy plant with tiny flowers of orange scarlet and reflexed red sepals.

ROSE OF DENMARK—One of the best with corolla of pale rose shading to deeper rose at edge of petals, reflexed pale blush sepals.

ROYAL FLUSH (Hodges)—Very large single flower of royal purple petals, flesh colored at base and veining toward center. Tube and broad, long upturned sepals deep red. Flat open flower on medium tall plant.

SAN FRANCISCO (Reiter, Sr.)
—See page 7.

SERRATIFOLIA—Peru and Chile. Long tube white tinted carmine shading to green at tips of sepals, deep orange pink corolla shading to carmine at base.

SOUTH PACIFIC (Hodges)—Large saucer shaped single corolla of white petals veined deep pink, opening perfectly flat, broad upturned crimson sepals. Upright bushy grower.

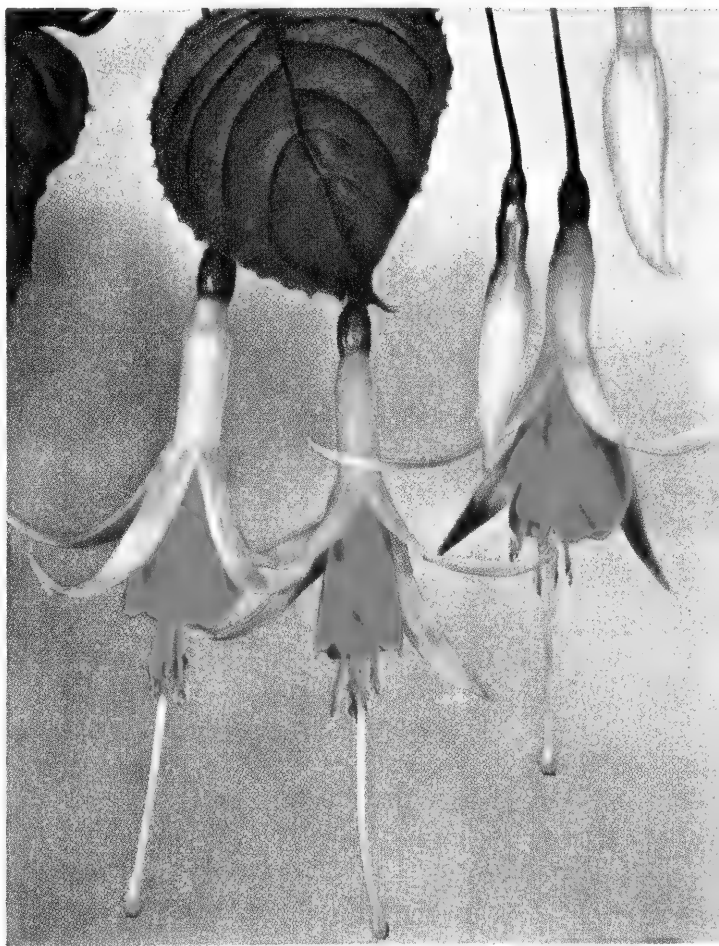

STARGAZER (Reiter Jr.)—Small bushy plant with upright flowers. The tube and sepals are pale rose madder and petals are rose madder heavily margined and marbled at their base with Imperial purple. An excellent pot plant.

SUEY HO—Single white corolla with rose veins at base, white green tipped sepals flushed rose. Dwarf.

SUMMER SKIES (Niederholzer)—A single medium sized flower with corolla of clear pale silver blue. Tube and upturned sepals of pale rose. A good continuous bloomer of medium growth. 75c each.

SUNRAY—Ornamental variegated foliage, silvery white and green. Rosy purple corolla and salmon sepals.

SUNSET (Niederholzer)—Single open saucer shaped flowers of deep salmon orange.

San Francisco (See Page 7)

SINGLE FLOWERED FUCHSIAS—Continued

THYMIFOLIA—Mexico. Minute flowers in profusion with tiny crimson sepals and petals. Tube of lighter shade. Prominent white stamens. One of the smallest flowers of the group.

THE DOCTOR—Deep pink to deep rose corolla with long pointed sepals of soft salmon pink. Very fine and showy.

VENUS VICTRIX—Small very distinct type with deep violet blue corolla and white sepals delicately tinted pink.

VIVIEN LEE—Single soft coral pink corolla—sepals soft carmine tipped green. 50c each.

VIOLETTA (Schnabel)—Large single bell-shaped flower of Bishop violet with light blotch at base of each petal. Ivory white recurved sepals. Vigorous upright grower.

Triphylla Hybrids

CORALLE—Large clusters of rich orange salmon flowers. Blue green leaves.

GARTENMEISTER BONSTEDT — Flowers glowing brick red with orange shading. dark bronze red foliage.

LEVERKUSEN (*Triphylla* hybrid) — Large single flowers with rosy salmon corolla and sepals. Free flowering. Very fine.

TAUDESCHEN BONDSTEDT—Long tubular large flowers in clusters of pale salmon pink color.

THALIA — Bronze green foliage and long orange scarlet sepals and short orange red corolla. Tall upright growth.

Fuchsia, Boliviana (See Page 8)

HANGING POTS

We are happy to be able to offer hanging pots, without plants, complete with wires for hanging up in the following sizes:

10 inch pots at.....\$1.35 each

(10-inch size usually used for Fuchsias)

12 inch pots at.....\$2.00 each

12 inch green glazed pots

with wires.....\$3.00 each

Redwood Hanging Baskets at

\$1.35 and \$2.50 each

Other Berkeley Horticultural Specialties

CAMELLIAS

Besides our collection of America's Finest Fuchsias we have been building up a large assortment of Camellias and we now offer over 200 varieties, a long list of the most popular as well as the more unusual. No catalog on these.

Double Flowered Fuchsias

Abbey Farges

ABBAY FARGES — Tall upright growth with masses of medium sized flowers, the corolla a silvery lilac and deep pink sepals.

ALFRED RAMBEAU — Double violet purple corolla and scarlet sepals.

ANNA (Reiter)—Sepals, tube and base of petals strong carmine, very large double corolla of magenta. Vigorous growth and the largest flower of self color group. See color plate, page 16.

AUNT JULIANA (Hanson)—A pale lavender blue sport of **UNCLE JULES**. A fine addition to the blue group of Fuchsias.

BERNADETTE (Schnabel)—Descendant of **WONDER BLUE** and **WINSTON CHURCHILL**. Upright plant with pale rose sepals and double corolla of Veronica blue.

BEWITCHED (Tiret)—Patent applied for. Double deep violet purple corolla, tube and outside of sepals white, inside flushed pale pink. Large flowers and will make an excellent hanger. \$1.00 each.

BLUE GOWN—Deep blue corolla, light carmine tube and sepals. A fine variety.

BLUE PENDANT (Brown)—Trailer in double pale blue corolla with reflexed pale rose tipped white sepals. Very fine. 75c each.

BRIDESMAID (Tiret)—Patent applied for. Double corolla of pale lilac orchid deepening toward edges. White tube and sepals with light carmine blush. Strong upright bushy grower. \$1.00 each.

BUNKER BOY (Tiret)—Double corolla of long fluted petals near white at base shading to geranium lake at edges. White flushed pale carmine tube and sepals. Strong upright grower. 75c each.

BUFFON—Corolla blush white with scarlet sepals.

CAMEO (Schnabel)—Low bush with pale rose madder sepals and semi-double corolla of a shade lighter. Good pot plant.

CITY OF PORTLAND (Schnabel)—A large flower with broad carmine sepals and a corolla of **PETUNIA PURPLE** somewhat marbled with light carmine.

CLARION (Reiter Jr.)—Upright grower with double deep rose-bengal corolla and recurved sepals of pure crimson.

COLLINGWOOD—Upright large double sepals pale pink, corolla perfectly white.

COMMANDER-IN-CHIEF — Probably the largest red - and - purple. Tall grower. Popular.

DOUBLE FLOWERED FUCHSIAS—Continued

CONSTANCE — One of our own hybrids from Pink Pearl, and one we very highly recommend. Same upright habit with double blue shaded pink corolla and soft pink petals. Very free blooming.

CRESCENDO (Reiter Sr.) — Double flowered with the outer one-third of corolla Peony purple and the margins and lower two-thirds are Turkey red. Sepals are Turkey red. Shrubby upright type of good growth and continuous bloom. The most red double Fuchsia.

CRINOLINE (Reiter Jr.) — A large puffy double with tube and broad sepals of rosy white tipped green and the deeper colored double corolla of clear rose. 75c each.

DON PERALTA (Tiret) — Very large flower of semi-double corolla of deep carmine red similar in color to ANNA. Vigorous, upright grower. 75c each.

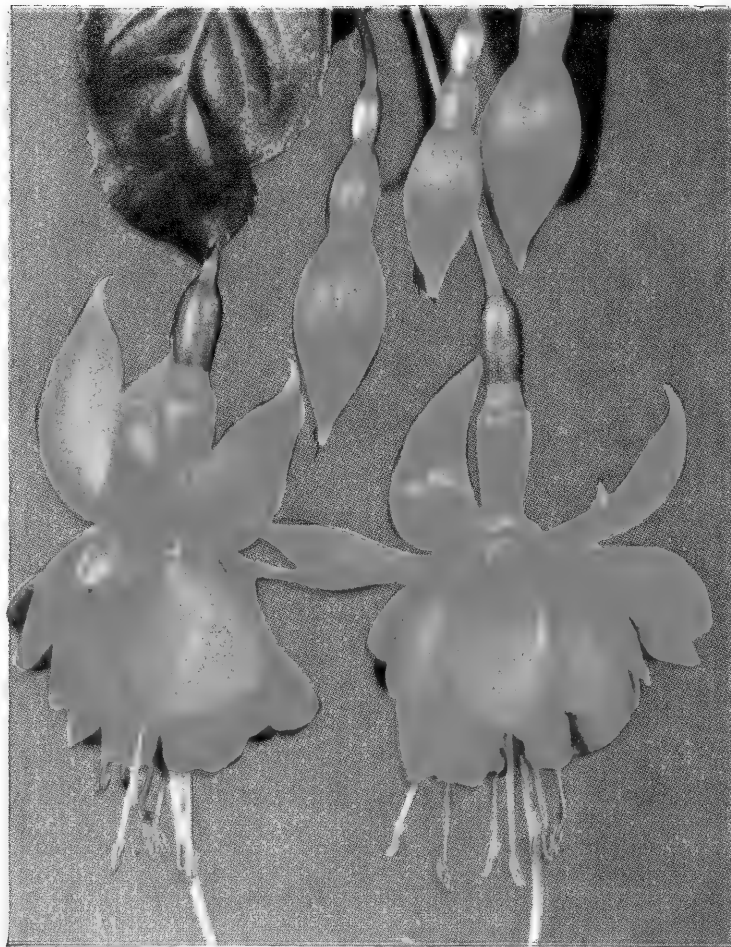

DOROTHY LOUISE (Schnabel) — A new pale pink double of perfect form. Self color with sepals and corolla of light Neyron rose. \$1.00 each.

DR. JOHN GALLWEY (Reiter Sr.) — The flowers of this variety are exceptionally large with a full double corolla of a rich creamy white veined at the base with rose madder. The sepals are broad and large pointing upward and outward from the corolla of the pure rose madder throughout.

DR. JULES WELCH (Evans) — A very crisp double flower with petals marbled purple, magenta and rose. Rose sepals. Low bushy grower.

DU BARRY (Tiret) — Patent applied for. Double purple corolla with smaller outside petals of either flesh pink or heavily marbled. Tube and broad reflexed sepals of soft pink. Strong upright grower. \$1.00 each.

ECSTASY (Tiret) — Double corolla with inner petals of hyacinth blue and the outer the same splashed with Phlox pink. Broad Neyron rose sepals.

Anna (See Pages 5 and 15)

DOUBLE FLOWERED FUCHSIAS—Continued

ENCHANTED (Tiret)—

Patent applied for. Large double campanula blue corolla, outer petals overlaid with fuchsia pink, all petals edged with pale lilac line, rose-red sepals. Good upright grower. \$1.00 each.

FANTASY (Muriel Waltz)

— A semi-double open flat flower of fair large purple petals pale orchid pink at center with smaller petals between, mostly pink shading purple at edges. Sepals and tube white flushed pink. Good upright grower.

FASHION (Niederholzer)

(Waltz Gardens)—Semi-double corolla of deep violet margined and overlaid with mauve and rose, white tube and rose sepals.

Fuchsia Crinoline (See Page 16)

FLIRTATION (Leitner)—Sport from Lucky Strike. Tube and long reflexed sepals of pale rose madder with petals evenly tinted with the palest Petunia purple.

FLORADORA (Muriel Waltz)—Double corolla of deep violet flushed rose at base. Thick ruffled petals open into compact flowers of perfect symmetry. Sepals and tube of Neyron rose. Medium upright bush.

FLYING CLOUD (Reiter Jr.)—Patent applied for. Double white corolla and sepals with the palest rose tinting. One of the stronger growing “all white” Fuchsias, and probably the best of its class to date. \$1.00 each.

GENERAL ROBERTS (Phenomenal)—Large rich plum purple corolla streaked carmine at base, reflexed scarlet sepals.

G. MONK—Compact grower, fine for pot culture. Fine blue corolla and deep pink sepals.

GRAY LADY (Reiter, Jr.)—Double corolla of exquisite pale grayish blue cast fading to delicate lavender rose. Vigorous upright grower. 75c each.

GUS NIEDERHOLZER (Niederholzer)—A large double flower of veronica blue. Long upcurved sepals of carmine. Scalloped petals open bell fashion and fade to beautiful shade of orchid. 75c each.

DOUBLE FLOWERED FUCHSIAS—Continued

GUINEVERE—Single to semi-double, long corolla a beautiful shade of blue; tube and long, broad, spreading sepals white, flushed pink on underside. Strong, spreading growth, good foliage. Most attractive flower. 75c each.

GYPSY QUEEN—A very fine Fuchsia. Enormous flowers with deep crimson sepals and rosy mauve white line around edge of each petal, scarlet sepals.

HIS EXCELLENCY (Reiter, Jr.)—A fine double purple with white tube and sepals. Medium to large globular flowers with rather fine small foliage. A must for the collection. 75c each.

HOLLYDALE (Fairlo)—Sport of Winston Churchill. The corolla is clear magenta but is same free branching and profuse blooming habit.

JOHN McLAREN (Hazard & Hazard)—Large semi-double flowers with nicely shaped spiral tight corolla of light hysop violet, sepals very heavy waxy texture, lacquered red outside and much lighter color inside.

JOAN OF ARC (Reiter Jr., 1947)—This variety is of a clearer white than Ave Maria, and is of better form with larger more double flowers. Cool conditions are essential to its successful culture.

INNOCENCE (Reiter, Jr.)—A “near white” double flowered Fuchsia on a dense bushy plant. Semi-double medium sized flowers of glistening white petals and upturned sepals of pale rose to crimson at base and on tube. 75c each.

KITTY O'DAY (Hazard and Hazard)—Very double. Tube and sepals rose red. Corolla white washed and veined rose red. Petals beautifully cupped or rolled in edges, rose-like.

LACE PETTICOATS (Tiret)—Patent applied for. Proved to be the most popular introduction at our 1951 Fuchsia Merry Go Round. Double corolla of serrated petals of white faintly shot with palest blush. Large full flower, outspread white sepals. Is most white in the shade. Vigorous upright grower. \$1.00 each.

LENA—Double rosy blue corolla with colored petals.

LUCKY STRIKE—An unusual colored Fuchsia in rather striking combination of blue-purple-pink and gray tones. Globular in form and quite double.

MADAME DANJOUX—Fine double white heavily suffused carmine, red sepals.

MERLE HODGES (Hodges)—Large double fluffy corolla of soft powdery blue, lightly veined and outside petals flushed pink. Broad upturned sepals of rosy red. Low spreading bush. May be used in hanging basket.

MISS PRIM—Large semi-double with petals of deepest Imperial purple fading to lighter shade. Sepals carmine.

MME. J. FEUILLET—White heavily flushed pink with deep pink sepals. Very large.

MOLESWORTH—Full double snowy white, scarlet sepals.

MOTH BLUE (Tiret)—Double corolla of deep lilac blue, short tube and long broad upturned red sepals. Strong upright grower.

MRS. DESMOND (Introduced by Hazard & Hazard)—Large flowers, sepals rose red inside, darker outside. Corolla light amparo purple exquisitely veined.

DOUBLE FLOWERED FUCHSIAS—Continued

NEW HORIZON (Reiter, Jr.)—A large double corolla of crispy light blue petals and pale rose sepals. A delicately colored flower of good quality. 75c each.

OLD SMOKY (Schmidt)—Large double old rose corolla with smoky cast and outspread sepals of flesh color. Somewhat pendulous branches. 75c each.

PACIFICA (Niederholzer)—Extremely floriferous with the crimson upright sepals slightly twisted. A single and semi-double corolla of orchid purple lighter at the base and darker on edges with fine crimson veins.

PACIFIC GROVE (Niederholzer, 1947)—Very fine double flowers with bishop violet corolla and smaller pale crimson petals outside merging into darker crimson, leathery upright sepals, upright to 8 feet; a very strong grower.

PATTY EVANS (Evans & Reeves)—A vastly improved Rolla of which it is a seedling. The plants are extremely vigorous, growing to a height of 5 to 6 feet with large double flowers with corolla white.

PICOTEE (Schnabel) — Semi-double medium sized corolla and deep violet and pink petals—serrated outer edges, tube is ivory pink and thick sepals are deeper pink. Medium bushy grower. 75c each.

PINK PEARL—A real beauty in a tall upright plant with masses of clear double pink flowers and light pink sepals. A favorite with us. See page 20.

PINK PERFECTION (Niederholzer, 1947)—A beautiful medium size plant. Double flowers of pale pink corolla and dark pink upright sepals. Will trail.

PINK QUARTET—A quartet of rolled petals, surrounded by spreading ones. Broad, short, upturned sepals, deep pink; corolla pale pink. Strong upright, free bloomer.

Constance (See Page 16)

PUGET SOUND (Hodges)—Double milky white corolla overlaid pink, all veined pink at base; tube and broad upturned sepals rosy red. Can be used as trailer.

REITER'S GIANT—Double petunia purple, carmine sepals. Free flowering for such a very large flower, even in the warmer sections.

REVERIE (Reiter, Jr.)—Medium sized double with waved petals and recurved sepals of pale rose. Bushy growth and a beautiful Fuchsia. 75c each.

ROSE MAUVE (Schnabel)—Double corolla of clear mauve, rose sepals on a medium growing plant. Good for pot culture.

ROYAL PURPLE—Corolla most intense vivid purple, tube and sepals scarlet. Very showy.

DOUBLE FLOWERED FUCHSIAS—Continued

RUBEO (Tiret, 1947)—Vigorous bush with large rugose foliage. Corolla ranging from deepest rose bengal on the center petals to deep crimson on the outer petals. Color intensity is heightened with flecks of marblings of geranium lake. Pale carmine tube and carmine sepals.

SAN MATEO (Niederholzer) — Very large double victoria violet corolla with Fuchsia pink splashes. Leathery pink calyx. Fine hanger. 75c each.

SAN PABLO—A sport of SAN MATEO; of more trailing habit. Orchid colored corolla with rose pink sepals.

SANTA CRUZ (Tiret)—Deep crimson sepals and corolla. A fine upright grower.

SEVENTEEN (Reiter, Jr., 1947) — An entirely new double self-colored Fuchsia of a real rose shade. The petals of the large double flower and the thick recurving sepals are clear rose madder.

SILVIA (Schnabel) — Semi-double corolla with the most white petals and sepals of clear light rose. Strong grower.

SNOWBALL (Reiter Jr.) — Huge double creamy white corolla and white sepals and tube with flush of pink at the base. Vigorous grower with good foliage. \$1.00

STELLA MARINA

(Schnabel) — Semi-double huge flowers of violet blue marked crimson, long recurved crimson sepals. Large grower with abundant blooms. 75c each.

STORM KING

— Elongated and inflated bud of bright scarlet tube and sepals, corolla double waxy white with crimson veins at base of petals.

Pink Pearl (See Page 19)

**DOUBLE
FLOWERED
FUCHSIAS**

Continued

SUSAN (Niederholzer)

— Double corolla of pale blue and violet splashed mauve. Tube is ivory white with sepals of pale rose.

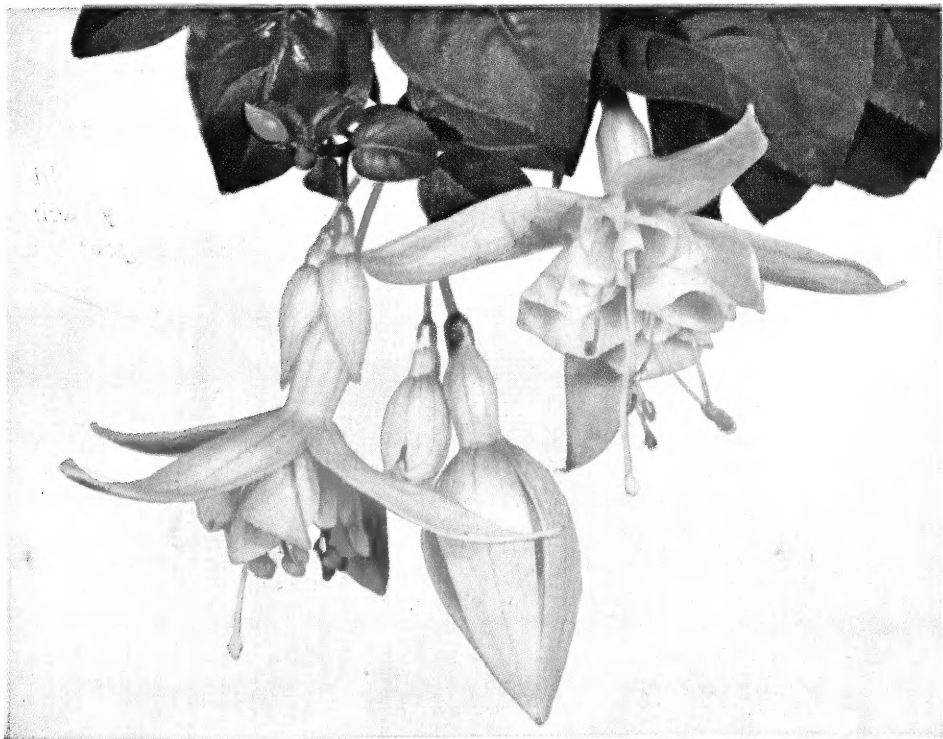

SWINGTIME (Tiret)—

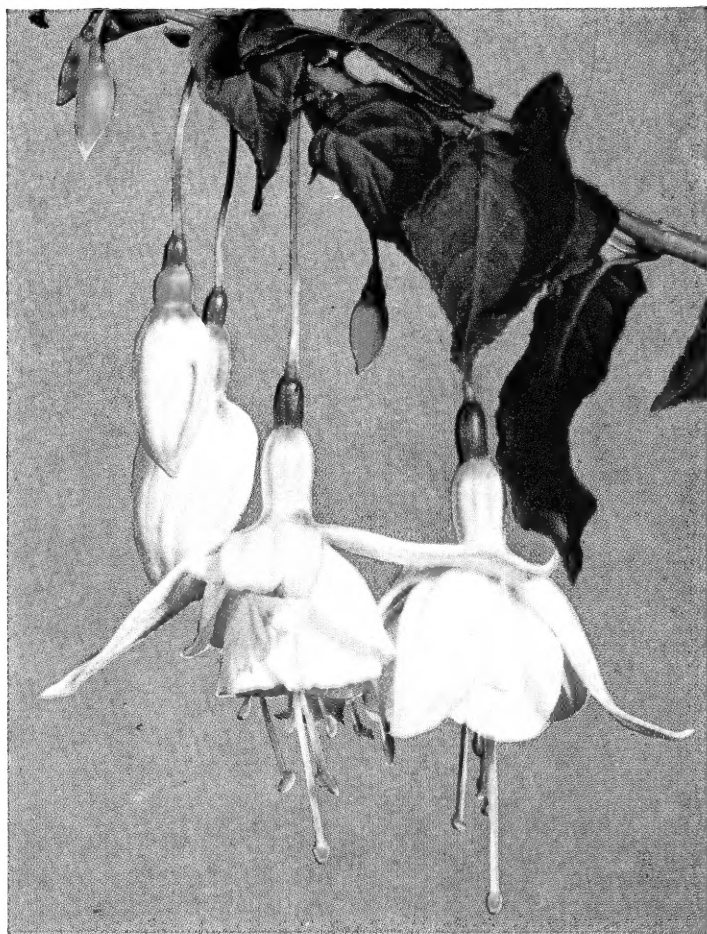

Double milky white corolla with slight pink veining at base. Tube and short up-turned sepals shiny red. Good branching habit which should make a good basket type. 75c each.
